

POWER TOOL STORAGE ACCESSORIES

MAKITA 18V & 40V BATTERY HOLDERS

18V Part # BH-MAK-BLU-04
40V Part # BH-MAK40V-BLU-04

The mounts are easy to install and use, as they are made of commercial-grade ABS plastic.

Use the existing locking clip to secure your **Makita** 18V battery, which may be installed in either direction in your workshop, trailer, or van - anywhere you keep your **Makita** batteries.

MAKITA 18V & 40V TOOL HOLDER 4 PACK

18V Part # TH-MAK-BLU-04
40V Part # TH-MAK40V-BLU-04

Makita tool holders use a clip in design with lock in tabs to keep your tools from falling out while you are on the Road. This Makita Tool Holder is the first on the market with a 1/4 or 6mm nut insert moulded into the Holder itself. No more needing to screw up from below when mounting your holders, with the 48 Tools Tool Holder you can screw or use a 1/4 or 6mm nut and bolt to mount them to your metal shelves in your van or Trailer

**Our tool holders are designed for standard on road use. We are sure they will handle anything you can throw at them but there is no guarantee your tools will stay clipped in if they are used for harsh off-road use.

MAKITA MAGNETIC BIT HOLDER

Part # MBH-MAK-TEL-01

Compatible with any Makita drill, driver, impact wrench, or hammer drill. Our magnetic bit holder should fit any drill that has a screw hole

Key features

- Deeper pockets for longer drill attachments
- Strong rare earth magnet
- Full-length magnetic strip for holding extra screws and drill bits
- Hexagonal holes to secure your drill attachments better
- The ability to magnetise nonmagnetic drill bits

Screw included to affix to your drill

POWER TOOL STORAGE ACCESSORIES

MILWAUKEE M18 18V BATTERY HOLDERS

Part # BH-MIL-RED-04

keep your Milwaukee 18V batteries safe. The mounts are easy to install and use, as they are made of commercial-grade ABS plastic.

Use the existing locking clip to secure your Milwaukee 18V battery, which may be installed in either direction in your workshop, trailer, or van - anywhere you keep your Milwaukee batteries.

MILWAUKEE/BOSCH 12V ATTACHMENT

40V Part # BH-MIL12V-RED-04

Fits both Milwaukee and Bosch 12V batteries

The 48 Tools Milwaukee and Bosch 12v battery holder is a great addition to any Milwaukee or Bosch user . Simply insert our 12 volt attachment in any 48 Tools M18 battery holder and you can store both M12 and M18 batteries together, or mount separately on the wall using the 2 mounting holes on the back. Just bought a new M18 battery?? No problem!! Simply squeeze the upper tabs on the M12 attachment and remove it to install a new M18 or just to move the M12 attachment to another location on your 48 Tools battery holder.
